Our 40th year in  
Mexico

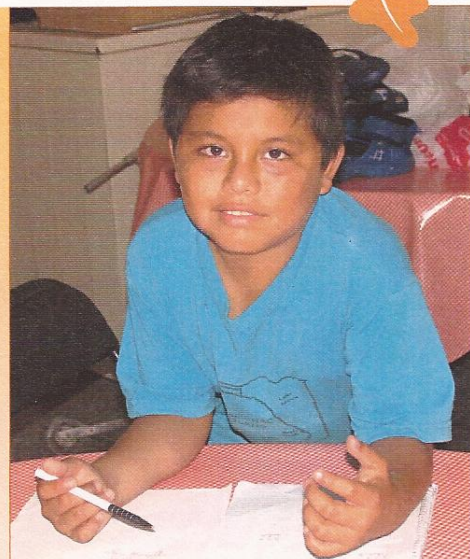

Dear Friends Helping Youth and Children in Mexico,

Thank you so much for your continued support for abandoned and neglected Children of God in Mexico. Your funds and prayers for those that have been selected for our Homes receive Hope, Love, Education and assurance of an abundant Life with Our Lord!

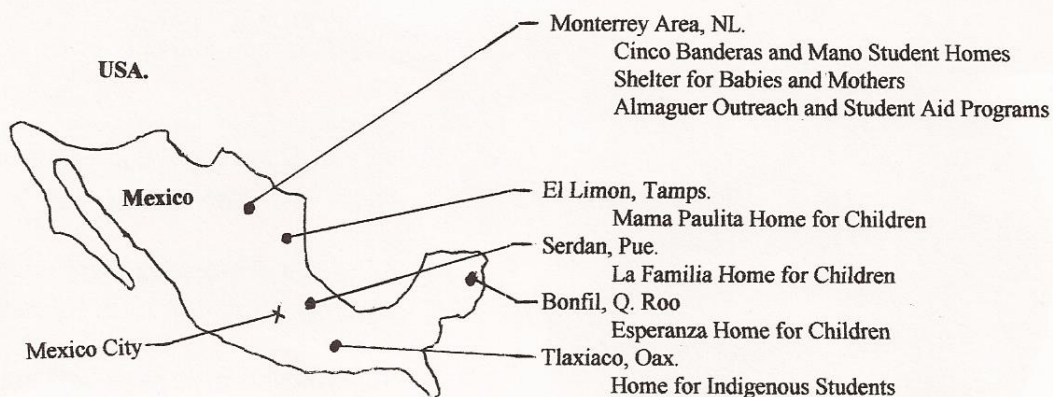

In the forty years since we started, seven Homes have been built or purchased. Mexican Christians have worked with us and they have received the gift of titles to the Homes. They provide daily care and develop much independent support for these mission projects.

Your money goes directly to the Homes and children. Our organization has tried for years to pay our Newsletter and travel expenses from interest income earned by a reserve fund. All staff members in USA, Norway and Sweden volunteer their services.

On this page is a map of Mexico and a smiling child to remind you again where your donations go. In addition to the seven Homes we also give help to poor students and community outreach projects run by Mexican Christians.

Christ tells us: "What you do for the least of these, you have done for me!" We have so many Blessings in our Countries, so let us give some Blessings to a few Children in Mexico! What we do will make a difference! Tor, your Director

# La Familia Home for Children

## Serdan, Puebla

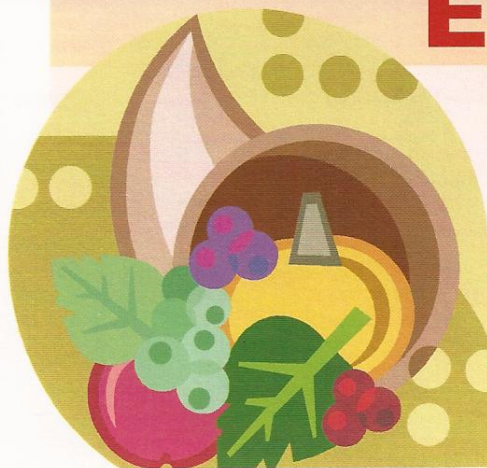

We have had some changes at La Familia:

The new Houseparents Juan and Silvia and children at the home quickly accepted each other and changes that followed. The biggest change was enrollment in a new public school. In Mexico, public schools differ much in educational standards. If you pay more, the education is better.

The new administration opted for a better public school. Besides the higher fees, the cost of a strict uniform code followed. An appeal went out and sponsoring US churches responded with emergency funds for this change. Below is a recent picture of the children and new houseparents with a volunteer serving the home.

# Esperanza Home for Children

Three Volunteer Teams came to help the home since the November we will have a team of ten from Pennsylvania and a new oven-stove that was severely damaged during the hurricane.

The houseparents, Pastor Ascencio and Mrs. Esther Mancini, retired, they continue to serve the home, a new church and

This home also received two young lady volunteers from North Carolina. Their picture in the next issue.

We received pictures of the new Bath Facility built for the older boys at the home. Thanks for the specific donations from Caring Action Volunteers from Texas, Wisconsin and Indiana, a couple in Norway giving their Anniversary gifts and a Lutheran Charity Foundation in USA.

As soon as Mexicans can raise funds to make the hook-up to the sewer system, the boys will have the privacy they have longed for many years.

This year the close to 50 children were joined by a young man from Norway who volunteered to serve the children for a year. His name is Hallvard and can be seen in the below picture.

## MANO Home for Young Women in Monterrey

A letter from Directors Henry and Karla Brown tells the story of two young ladies that came to the Home strictly on faith. Betty and Christina both came from the State of Vera Cruz, 12 hours away by bus. Both were from humble and Indigenous families that exist in precarious conditions. The girls had saved some money for travel by selling produce on the streets.

The girls came with an ambition to help their people with access to medical care and better nutrition knowledge. This would require them to enroll in a University Program. They had no money, but by faith, the Directors and girls started with prayer then action. To enroll, US\$1400 each, was required.

To make a long story short, God provided access leading to the Dean of the University who heard their story. He found a special Grant to get the girls started. Now you, the donors, will help pay the room and board for these girls at the MANO Home. You can see victory in their smiles! Our prayers go with them.
