

Serving Abandoned and Orphaned  
Children in Mexico

Since 1966

October 2016

Work at our **Home for Indigenous Students in Tlaxiaco** is finally happening! Many thanks go to our donors as well as to Helge Jansen, our Caring Action coordinator in Norway, for arranging for a grant from Denmark. We are happy that the HEI Home will once again be a safe and healthy place for young students to live and study. Damage to the roof, the walls, and the plumbing system is being repaired, as seen above.

## Meet Two Children from our Mama Paulita Home in Mante

Ricardo was brought to Mama Paulita back in August 2009. He has two brothers and a sister who also live in the Home. Ricardo is a very intelligent 10 year old, and likes to draw.

Ximena is Ricardo's sister. She is 8 years old, and in the 3rd grade. Always cheerful, Ximena likes to play with dolls.

## Introducing our Board of Directors

**Mia Varone** has been the Donations Secretary for Caring Action since 2003. She recently became a member of the Caring Action for Children Board of Directors. Mia takes care of mailing out donation receipts and getting the donation checks deposited.

Caring Action has been an important part of Mia's life ever since her childhood as she watched both her parents volunteer their time and resources towards this mission. She has wonderful memories of the trip she took with her family to see the Casa Hogar Mama Paulita Home while she was still in high school. The experiences of staying at the home, helping with chores, playing games, singing with the children, taking trips into Mante', and worshipping at the church are times she will never forget. Mia hopes to get back to Mexico some day with her own family and prays that Caring Action will help God's children in Mexico for many years to come. She continues to be inspired by the words of her late father, Tor Jansen, *"If you help someone, it helps them for a lifetime, and that is the best gift of all."*

These young women live in our Mano Home in Monterrey while they attend school. Along with their roommates, the girls are studying for various careers, including teaching, nursing, technology, and law. Kudos to these women for striving for education!
