

Dear Friend,

Another year has flown by, and the children we support have grown taller, stronger, smarter, and closer to their Savior, thanks to your reg-

ular donations. The children we hug and play with when we visit the Children's Homes are blessed to be safe, with their hunger satisfied, with a soft bed to sleep in, and loving arms to give them a cuddle when needed.

During this pandemic, it has become quite a challenge to meet the children's needs. Some children have gone to live at a relatives' house. Others are staying in the Homes, quarantining with the Houseparents and other helpers. Just as in the US, the children struggle to keep up with their education delivered remotely. If you have been helping a child to stay focused during distance learning, imagine how difficult it must be to keep 20-30 children focused.

We are impressed with how well the houseparents are handling the situation, and how they get along with the small amount of money that we are able to send each month. They are very careful in how they spend the funds to make it stretch to meet the needs of these growing children.

Like other not-for-profit organizations, Caring Action for Children depends on the financial support of a community of devoted people to continue its good work. Without it, the number of children we can support would be greatly diminished, and meeting our mission would be much more difficult.

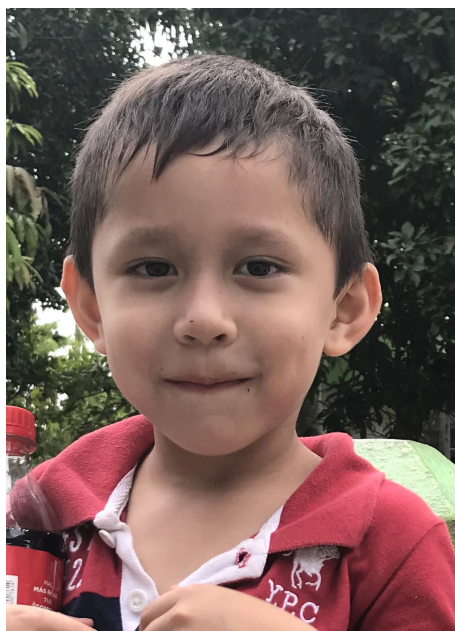

We are sending this special appeal to help us "bridge the gap" between the income donated to us this past year, and the many extra expenses encountered by the seven Homes we have built over the years and continue to support. **Please consider making an end-of-year, tax deductible donation the Caring Action for Children.**

Thank you for considering this request. And on behalf of Caring Action for Children's Board of Directors, I wish you a blessed holiday season and all the best in the New Year!

Sincerely,

Shirley Becker

Board of Directors President
